# THE FOUR GOSPELS

A NEW SPIRITUAL AND OCCULT INTERPRETATION OF THE TEACHINGS OF JESUS AS FOUND IN THE GOSPELS AND OTHER SOURCES

By  
DR. M. DOREAL

This interpretation of the FOUR GOSPELS, Matthew, Mark, Luke, and John, is the answer to the crying need of the Age for a comprehensive explanation of the Teachings of Jesus. It gives the TRUE teachings as they were originally taught, and it explains away the many versions due to interpolation, numerous translations, and later attempts at revision to fit special doctrines.

THE FOUR GOSPELS explains the "Mysteries" behind the sayings of Jesus. The time is at hand for the "hidden things" about the life of Jesus and his Teachings to be made clear. The Secret Teachings of Jesus need no longer remain obscure. Dr. Doreal has so simply and clearly explained the Four Gospels that anyone can perfectly understand the wonderful message of Truth the Master Jesus came to give.

(Part Two - Conclusion)

We know that there have been at various times strange occurrences on the earth. For instance: in 1906, in Stillwater, Oklahoma, there was a cottonwood tree - there had been a long drought and someone passing one day noticed that this tree was glistening with water. Beginning just a few feet above that tree it was raining. They could see above the rain. It was coming from nowhere. Apparently the water hit the ground and ran off. It lasted for three days, then stopped.

In Birmingham, Alabama, outside the window of a newspaper office in the middle of the street, for days there was a constant rain, beginning about sixty feet above the earth, in the air, and just falling on the earth. It seemed to fall slowly and rained on the ground. In England a few years ago there was a peculiar rain of periwinkles, worth then about a dollar a bushel. They found that the ground within a distance of several

acres was covered with hundreds of bushels of those periwinkles. They carried them away by the truck load and nobody knew where they came from.

One of the shortest tales in history is this: In Germany there was a group of men looking at a fine white horse out in the field. They were all gathered on one side of the horse, and one gentleman stepped around on the other side of the horse and disappeared.

I know of another case that happened to a man whom one of our students knew very well. A woman was in a hospital in Quebec, Canada, and this man had visited her with his sister, mother and brother. On the way home they passed a big open field that had some pretty wild flowers in it; they stopped, as did several other cars. This man got out to pick some wild flowers, walked into the field and disappeared. That was the end of him.

One night it was very foggy in London, and while a policeman was walking on his beat, suddenly under a street lamp there appeared in front of him six nude men; he walked up to them and started to ask them questions and they chattered at him in a language that he did not understand: he called the wagon and took them to jail where they were again questioned

with no better results. Finally they called in a group of doctors and linguists who could not understand them so they were finally put in an insane asylum.

Such things happen when the vibrations of one of the interlocking world spaces begin to coordinate with another one, because at that particular point the vibration of an interlocking world space coordinates with the one that conjoins it at some point. The vibrations coordinate with others and things begin to be drawn from one side. It is in this manner that teleportation is sometimes accomplished; matter is transported from one world to another. There are one or more planets at times in conjunction with this. There are times when they coordinate, and it may be because of chemical balance, that the two coordinate at some spot on earth and then we have a manifestation of phenomena.

Sometimes people have been able to literally see through one of those vibrational vortices, have been able to attune their sight and see through and thus see strange worlds and peoples. It is possible for the occultist to move his consciousness not only through dimensions but from the interlocking world space of this Cosmos through other in-

terlocking world spaces. There is a certain key, a doorway, through which you can pass into any of those interlocking world spaces and planes. There is a certain universal gateway through which one can pass into any plane. Sometimes you can see into those interlocking world spaces from the fourth dimension. This power is a part of the higher development of the occultist.

# The Brotherhood Newsletter

Dear Students and Friends:

The Staff of Workers are all back on the job today after the Thanksgiving Holidays. The weather was beautiful over this vacation time with enough snow on the hills for skiing and sledding. Sunday evening it started snowing again, but today, Tuesday, the sun is smiling down with warming radiance. The trees are covered with snow, resembling sparkling Christmas trees.

The Christmas Season is in full swing with the stores and shops full of gifts, tinsel and glitter. Already the hearts of mankind are turning to the giving of gifts for the loved ones, for friends and associates. Even this traditional custom brings us closer to the Divine Harmony of the Infinite. If our gifts are chosen wisely we can bring forth fruits of love and friendship with seeds of truth planted.

The Christmas Season is the celebration of the birth of the Christ Consciousness. It is like a little seed planted in the heart of mankind. If this seed is nourished, it grows and grows until it springs forth in full blossom. It brings forth its fruits of Brotherhood, Charity, love, harmony and order in every individual who attains this first great step or initiation on the

Path of Light. The day is fast approaching when most all mankind will share in this great spiritual attainment.

Let us, as Brotherhood students, who are in some degree of attaining the Christ Consciousness shine forth our Light. Let us be so full of Divine Love, of Christian Brotherhood that we set a shining example. It is very necessary for us to follow the precepts of our teaching if we are to attain Illumination. Illumination is, or should be the goal of every Brotherhood student. That is the normal life, the happy life. Illusions, ignorance and selfishness are dispelled from us with this attainment, and we can step forth in our true heritage.

We, the Staff of the Office and the Print Shop are at this time, wishing each and every one 'A Merry Christmas and a Happy New Year.' We are sending this message early so it will surely reach you before Christmas.

In Cosmic Harmony,

Dr. W. Whitby

## BROTHERHOOD CHURCH AND COLLEGE

The Brotherhood of the White Temple is a chartered Church, maintaining a College and other essential branches for the dissemination of Truth. The Brotherhood Church and the Brotherhood College function as two departments of teaching, each supporting the other. College Membership, and Church Membership, are distinctly separate, and many of our students are members of both, for the Truth derived from the weekly lessons of either the College or the Church help in the understanding of the other.

The Brotherhood is a corresponding Church and College. The College is a Metaphysical School wherein the Laws of the Universe are taught, and in which the student learns how to operate these Spiritual Laws through the exercise and Initiations given him. The Church teaches all of the Mysteries taught by Jesus, the Christ, to his disciples. It teaches the student how to read the mystical writing found in the Bible and how to understand their true and concealed meaning. The members of the Church are shown how to attain citizenship in the coming Christ-Kingdom, and how to become a perfect channel for the Divine Spirit.

# THE FOUR PLANES OF HEALING

DR. M. DOREAL

A common mistake among most Spiritual Healers is that they use one method for the treatment of all ills. This limits them and is actually the reason for their failure in healing many cases which come to them for treatment.

There are four planes of man's being which should be considered in Spiritual Healing: the physical, mental, psychic, and spiritual planes. A symptom may appear in the physical which has its cause in any one or more of these four planes. The treating of symptoms alone will not remove the cause. When the cause is not eliminated, even though the symptom has disappeared, the patient has not been really healed for the same symptom or another may later appear if the cause is allowed to remain.

This large book is not written for the healer alone but may be used for self-treatment as well. The beginning student in the study of Spiritual Healing, may read FOUR PLANES OF HEALING and begin immediately to practice its principles and heal the sick. All students who wish to learn how to heal, either themselves or others, should read this book.
